Why **Black Lives Don't Matter**

to **Black Lives Matter.**

Black Lives Matter has nothing to do with Black Lives. It is a racist Political Organisation, that exists solely, to create tension between the Black and White races, and is especially anti-Police.

'And expounded unto him the way of God more perfectly.' Acts 18:26.

Whenever a Black man is killed by a White Policeman in the United States, Black Lives Matter gives a large donation to the man's widow; they see that the story is front page, and first up in the news; and they incite demonstrations, riots, and protests, not only in the U.S., but also around the world, to vent their 'outrage' at what has occurred.

Al Sharpton, and friends, claim that the greatest threat there is to the lives of young Black men in the U.S., is White Police Officers. But when you consider, that ninety-three percent of all Blacks who die a violent death in the U.S., (about 6,000 per year), are killed by other Blacks, it proves, that the greatest threat there is, to the lives of young Black men, is obviously, *other* young Black men. And what happens over their deaths? Does B.L.M., step in and give a 'donation' to *their* widows, and express 'outrage' over their killings? No! B.L.M., is strangely silent, and does not even *acknowledge* their deaths, because, it seems *their* Black lives don't *matter*, to Black Lives Matter.

Also, when a Black Policeman is killed, his widow doesn't receive a cent from B.L.M. either, because his life also doesn't matter, to Black Lives Matter. If Black lives really mattered to B.L.M., they would be concerned about *every* Black life, not just the ones they can make a killing (excuse the pun) from. The truth is, that White Police Officers are the greatest protectors of young Black lives, and if they didn't lay their lives on the line daily for them, many-more young Black lives would be taken early, by other young Blacks.

The sole reason for the selective outrage, practiced by B.L.M., is that B.L.M. has nothing to do with Black lives. It is a racist Political Organization, that exists solely, to create tension between the Black and White races, and is especially anti-Police. B.L.M. is one of the Left's vigilante-squads, that it uses to spread racial hatred and violence, and divide society. Those who point any of this out are vilified as 'racists' by B.L.M., even though they aren't; and anything they say is condemned as 'hate-speech,' even though it isn't.

B.L.M. leaders, organise riots, and encourage violence, looting, and arson. They encourage their pawns, to smash their way into stores, and steal from them. These stores are always someone's livelihood, but that doesn't *matter* to B.L.M. The cars that are burning, the houses that are burning, the Stores that are burning, all belong to innocent people, who have been vandalised, by those whom B.L.M. has conned. B.L.M. organised riots are the greatest cause of destruction in the U.S.A. today. They cause more destruction, than earthquakes and hurricanes, and it is all so avoidable. It takes an evil heart to do this sort of thing, and it is so similar to what Hitler's thugs were doing in Germany before W.W.2.

When you consider that B.L.M. is bankrolled by George Soros, probably *the* most-evil man on earth today, the so-called Southern Poverty Law Centre, and so many other Socialist/Marxist organisations, it would show any sane person what is really going on

here. George Soros alone, gave 33 million dollars. B.L.M. has been *given* (as well as *extorted*), more than 10 billion dollars in donations, which has mostly gone to line the pockets of its unelected leaders.

No-one should be deceived by BLM's selective outrage, instead, they should be outraged *against* B.L.M. for its lack of sympathy for the average Black American. In Cities and neighbourhoods where B.L.M. sets up shop, they extort money from Shop and Business owners, by threatening to vilify them as racists, and have them boycotted. Fortunately, some Business owners, (even women), have the balls to chase these extortionists away.

Most of the largest National, and Multi-national Companies in the U.S. have given huge 'donations' to B.L.M., for the same reason. They will be boycotted world-wide, if they don't.

Why do these riots gain such a large following? Because unfortunately, many Blacks are taught nothing but *hatred* from birth, by people with a chip on their shoulder. Hatred of Police. Hatred of White society. Hatred of those who have worked hard and prospered. Hatred of the Government. Although B.L.M. is only a small vocal section of the Black Society, it harnesses this hatred to spread its venom. Why doesn't B.L.M. tackle some of the real problems facing Blacks? The drug plague among them? Abortion, has killed more Blacks than anything else. Even so, seventy percent of all Black children are still born to solo mothers. The billions poured into B.L.M., and siphoned out into a few pockets, could have made for big changes among the impoverished, and the generations born to them. But it's the old story of course, they use the Mushroom Principle; keep them in the dark, and feed them bulls**t.

The Black people deserve better than this, especially from a group which set itself up as a supposed watch-dog for Civil Rights. Black Lives Matter needs to learn that all Black lives matter, because they all do to someone, if not B.L.M.
