

Wake-up World Series #2

The Covid 19

World Government

The most dangerous thing by far, about the Covid 19 'Pandemic,' is the way it is being hijacked by Globalists, as an excuse to force the world to accept a Socialist/Communist World Government under the United Nations.

Brother Kevin
www.therescueshop.org

'And expounded unto him the way of God more perfectly.' Acts 18:26.

17 Will the Covid 19 'Pandemic' ever go away?	20.
18 What do we do now?	21.

1.

Preface

When I mention Globalists (Those who want a World Government). Socialists (Those who want a Socialist/Communist World Government). The 'Elites,' the 'Left,' 'Liberals,' 'Progressives,' 'Radical Environmentalists,' etc, I am using these terms interchangeably; because these people and Organisations all overlap in their aims. They have varying, and even contradictory long-term goals; but their short-term goal is the same; namely a World Government. They are all united under the axiom; 'The enemy of my enemy, is my friend,' meaning common-cause.

But, once the goal of a World Government is achieved, the 'Elites' will want all the power for themselves, and, the 'enemies of my enemy,' will find that, 'the enemy of my enemy is my friend,' only lasted until the common enemy was defeated. Then, they will find themselves awaiting their fate, along with the billions of others who are also, 'surplus to requirements.' These people and Organizations never were a part of the long-term plan, they were just pawns in a bigger game than they could ever have imagined. They will learn too late, that this had nothing at all to do with the Environment, or protection from a 'Pandemic,' it was all about greed, and lust for power.

2.

Covid 19 Influenza

A few facts about Covid 19 first. It does not *appear* to be a man-made disease, such as Ebola and some of the other epidemics were, although it *could* be. There is a branch of Virology, called Synthetic Virology, which is the engineering and study of man-made (synthetic) viruses. We could also class it as 'Germ Warfare,' because that is what these Viruses are engineered *for*. No laboratory engineer's viruses out of curiosity. Like all other businesses, they are driven by profit.

The Viruses are made artificially in a Laboratory, then an epidemic is started deliberately, usually by a supposed 'Vaccination Programme,' which is how humans were infected by the Ebola Virus in Africa.

The H1N1 Swine flu that broke out in 2001, contained an unnatural combination of swine, bird, and Human influenza viruses. Researchers believe it was a manufactured

virus, because it could not be contracted by eating pork. So, its origins were not in the swine family.

No-one knows where the HIV1, and HIV2, viruses came from, to infect Africa. But, it is believed they were created in a Laboratory, and spread by the same means. Why Africa? Because decades ago, Henry Kissinger said, "Depopulation should be the highest priority of Foreign Policy toward the Third World." Meaning, Africa, Asia, and Latin America. Depopulation means, 'the substantial lowering of the population of an area.' But, more on that later.

The Director of the Wuhan Research Laboratory, gave a Ted Talk where she spoke about a Corona-Virus they had isolated from the local wild bat population. She said it had a spike protein, that could allow it to be accepted by Human body cells, and so infect Humans. The Technicians at this facility played around with the virus as if it was a toy, until one of them became infected with it, and spread it into the local community, especially the local market, before she died of it.

But, Dr Li-Meng Yan, a defector from Hong Kong, has stated emphatically that the Virus was created in the Laboratory, by and for the Chinese Communist Party. Local people were infected intentionally, in trials of the Virus, before it got out of control, and spread Nationally. I'm not entirely convinced, one way or the other about the origin of the Virus, so you can make up your own mind about it.

Covid 19, is a strain of influenza, and like all influenzas, it is highly contagious. It could be more harmful to Humans than normal strains of influenza, simply because, like all new strains of any virus, we do not have personal antibodies to fight against it. So, we are almost powerless when we are infected with it.

But, it is not a 'Pandemic,' and it is never going to wipe out the Human race. The death rate from those who contract it is about 0.1%. But 99.9% of those who contract it recover. A good example of this is the USS Theodore Roosevelt, where 1102 Sailors were infected. Only 7 required Hospitalisation, and there was only one death. Like all viruses, it mainly kills the very old, and those with compromised immune systems. Namely, those with the least resistance to infection.

So, why are the numbers of recorded deaths so high around the world? Funeral Directors, Doctors, and Medical-staff are making known the truth, that everyone who dies, especially in the U.S. is certified as dying of C19, no matter if they die in a car crash, as a suicide, or of old age. This is well documented, and easy to research.

Also, as Dr Joseph Mercola points out in his book, *The Truth About Covid 19*, people are dying *with* Covid 19, not *of* it. One study of U.S. Deaths between the beginning of 2020, and 2021, found that only 30,000 died specifically 'of' Covid 19. This is a very low death rate, when you consider that about 200,000 die of influenza annually in the U.S.

John Hopkins University did a study of the U.S. National death rate over the same period, and found it no higher than any normal year, even though hundreds of thousands were *supposedly* dying of Covid 19. Why the deceit? Because Globalists

(who also own the media), want it to appear more dangerous than it really is, to get ordinary people to submit to them out of fear, and to be terrified into accepting their solution to it, which is a World Government.

Another reason for the fudging of the numbers, on the Death Certificates in the U.S., is that Facilities with more reported cases get more Federal funding. So, the numbers are being exaggerated by any means to create the need for more cash.

Anyone with a brain between their ears, should recognise the fact that those who test positive for C19, self-isolate and recover from it. How many require Hospitalisation? How many die? This is not a Pandemic!

Katherine Austin Fitz, who worked in the Government of G.H.W. Bush, envisioned 'a Pandemic, that would so frighten the Public, that they could be controlled.' They finally have it.

3.

The New World Order

Now for some history. In 1776, Adam Weishaupt founded the 'Illuminati' (Illuminated Ones), or bearers of light. Its purpose for existence was to create a World Government, under *their* control. And a World Religion, worshipping Lucifer, Satan, the Devil. They are a 'Secret' Society, because they have reason to *be* secret. Creating a World Government under their control, has been the goal of the so-called 'Elite' (the Super-Rich of the World), since the days of Adam Weishaupt, and there has been much back door scheming going on since then.

Here are some mentions of the N.W.O. (Courtesy of Jack Van Impe);

- In 1922, the Council on Foreign Relations endorsed a World Government.
- In 1932, F. S. Marvin describes the League of Nations as, the first attempt at a N.W.O.
- In 1939, John Foster Dulles proposed that the U.S.A. lead the transition to a N.W.O.
- In 1940, H. G. Wells proposed a Collective One-World State.
- In 1940, the Congressional Record published an article entitled, 'A New World Order,' in which John G. Alexander called for a 'World Federation.'
- In 1948, Britain's Sir Harold Butler, in the July issue of Foreign Affairs, sees a N.W.O. coming.
- In 1950, C.F.R. Member, James P. Warburg told the Subcommittee, "We shall have a World Government, whether we like it or not. The question is only whether a World Government will be achieved by consent, or by conquest?"

- In 1959, the C.F.R. called for a New International Order.
- In 1962, Nelson Rockefeller claimed a N.W.O. is needed, as the old order is crumbling.
- In 1967, Richard Nixon called for a N.W.O.
- In 1968, Nelson Rockefeller again pledged support for a N.W.O.
- In 1994, David Rockefeller said, “We are on the verge of a Global Transformation. All we need is the right major ‘Crisis,’ and the Nations will accept the N.W.O.”
- In 1996, Mikhail Gorbachev stated, “The Environmental ‘Crisis’ will be the International Disaster, that will unlock the N.W.O., One World Government.”

4.

Attempts at a ‘Crisis.’

So, why the talk about a ‘Crisis?’ Because the Left’s Modus Operandi, is the Hegelian Dialectic, which is a way to hoodwink an unwary populace into accepting, and even welcoming, something that they are really against.

Using Hegel’s Dialectic;

1. You have an aim that you want to achieve.
2. You create a ‘Crisis’ that demands extreme measures to combat it.
3. You propose your ‘Aim’ as the *solution* to the ‘Crisis.’
4. The gullible Public accept, and even welcome your ‘Solution,’ even though it is something they do not want, in order to ensure their own survival.
5. You have accomplished your Coup d’etat, and you are lauded as the Hero, even though you are the Villain in the piece.

Does this all sound familiar? It should. Why do you think there is so much in the ‘Media’ about the ‘Climate Emergency?’ Ninety-six months left to ‘Save the Planet.’ The ‘Tipping Point.’ The ‘Point of no return.’ You believe the outlandish statements, and accept the extreme measures being proposed to combat it, including depopulation, and the World Government at the top of the pyramid.

Of course, now the focus has shifted to Covid 19, as the ‘Crisis,’ but the extreme measures being proposed to combat it haven’t changed. We are being told, “Individual Nations can’t fight this Pandemic alone. We need a World Government to combat it.”

5.

A History of the Crises

Here is a little more history. In the 1960's and 70's, it was being proposed by Globalists, that they could stage an 'Alien Invasion,' as the necessary 'Crisis,' to force the Nations of the World to work together, and accept a World Government, to fight against this external threat. Ronald Reagan even said, "A threat by Space Aliens might be the unifying force necessary to bring the Nations of the earth together in a common cause." However, they eventually realised, that we didn't all go to Liberal Universities, so we aren't all as gullible as they are, and they dropped that idea.

Up to the 1970's, temperatures worldwide began to fall slightly, as a normal fluctuation. The 'Experts' predicted that the earth was at the beginning of another Ice-age, and Hell would freeze over, and we would not be able to grow crops, and millions would die, and...and...and...?

Here are some quotes;

- 'Certain signs, some of them visible to the layman, as well as the Scientist, indicate that we have been watching an Ice-age approach for some time without realising what we are seeing. Scientists predict that it will cause great snows, which the world has not seen since the last Ice-age, thousands of years ago.' Betty Freidan. Harpers 1958.
- 'The threat of a new Ice-age, must now stand alongside Nuclear War, as a likely source of wholesale death and misery for Mankind.' Nigel Calder 1975.
- 'This cooling has already killed hundreds of thousands of people. If it continues, and no strong action is taken, it will cause world famine, world chaos, world war, and this could all come about before the year 2000.' Lowell Ponte. The Cooling 1976.

And what happened to these predictions? Nothing! These people genuinely believed a fall in temperature was the beginning of a downward spiral, into an Ice-age, when it was only a fluctuation.

After this, the temperature began to rise again slightly, and many of the same 'Experts' predicted we were entering an unprecedented warming period, and all the ice will melt, and the sea would rise 20 feet by the year 2000. All the lowland areas of the earth would be flooded and uninhabitable, and millions of people would be displaced, etc, etc, etc. And what happened? Nothing of course. The sea never rose by 20mm, let

alone 20 feet.

6.

The Keepers of the Gates: The Media

So, why did we have such an emphasis on these supposed 'Global Disasters' in the Mainstream Media? It's because the Globalists, who own and control the Media, were pushing these supposed 'events,' to make them the 'Major Crisis,' that could be used to make the world accept the New World Order, as David Rockefeller stated.

Everything a person sees, reads, or hears, on U.S. Media, is coming from one of five Multinational Corporations. Namely;

- Disney Corporation.
- News Corporation.
- Time Warner.
- Viacom.
- Bartlesman. (A German Publishing Company).

These Corporations own:

- Radio and T.V. Networks
- Newspapers.
- Cable and Satellite Networks.
- Movie Studios.
- Magazines.
- Music Companies.
- Billboards.

Originally, 'News' was information, particularly about current events, given to inform the Public. But, over the past few decades, Leftist Media owners have decided they don't have to share anything publicly in their Media, if they don't agree with it.

So, today, the 'News' is heavily censored, to *exclude* information from the general Public. The Media manipulate what the Public (You), think about, and talk about, by distorting facts, and sensationalising, or blacklisting stories, so you hear and see, only what they want you to hear and see.

What is fed to the U.S. Public is propaganda, and the same 'News,' is fed by them to

other countries News Media, including New Zealand. Anyone who watches, reads, or listens to, the Mainstream News is a fool. Anyone who believes it is an idiot.

In 2019, the U.S. Media, made a Pact with other 'News' Media around the world (including New Zealand), not to parrot anything that denies 'Man made Climate Change.' Why not? Because, what the eye doesn't see, the heart doesn't grieve for. If you don't hear about it, you won't know about it. Ignorance is bliss.

There are a few Independent News outlets in the U.S. Such as Fox News, but they are in a continual battle with the Multinational Corporations, and are constantly being ridiculed by them. Everything they say is poo-pooed as nonsense, but they stand for, and speak, the truth.

7.

The Prophets of Doom

Paul Ehrlich is one of the pseudo-science charlatans, who made many dire predictions about the coming Global catastrophes in his book, *The Population Bomb*. (1968). In 1968-70, he stated:

- The battle to feed all of humanity is over. In the 1970's and 1980's hundreds of millions of people will starve to death, in spite of any crash programme embarked upon now.
- All petroleum would be used up by the year 2000.
- In 10 years-time (1980), all important animal life in the sea will be extinct. Large areas of coastline will have to be evacuated, because of the stench of dead fish.
- Hundreds of millions of people will soon perish in smog disasters, in New York, and Los Angeles.
- The oceans will die of DDT poisoning by 1979.
- The life expectancy will drop to 42 years by 1980, due to cancer epidemics.
- If I were a gambler, I would take even money that England will not exist by the year 2000.
- Population will inevitably, and completely, outstrip whatever small increases in food supplies we make.
- The death rate will increase, until at least 60-200 million people per year will be starving to death in the next 10 years.
- Between 1980, and 1989, some 4 billion people, including 65 million Americans will perish in the great die-off.

– By 1985, enough millions will have died to reduce the earth's population to some acceptable level, like 1.5 billion people.

How many of his predictions proved true? Zilch. Yet even today, Paul Ehrlich is quoted by Globalists and the Media, as if he is infallible, because, they can use his false claims to prop up their own narrative, and agenda. Even though he was completely discredited, he is still warning us we are on the verge of an imminent disaster, and still lauded as a sage.

The slight rise in temperatures in the early 80's was the reason for the coining of the term, 'Global Warming,' or 'Man made Global Warming,' which, it was predicted, would cause the earth to become an uninhabitable furnace. But, when temperatures evened off, and stabilised in the 90's, the 'Crisis' was changed to 'Climate Change,' which was a win-win situation, because now, any *supposed* climate 'Event' could be incorporated into the narrative, and, either way, it could be sensationalised as a portent of doom, for all Mankind.

8.

The Environmental Movement

In 1996, Mikhail Gorbachev, the Premier of Russia, stated, "The environmental 'Crisis,' will be the International disaster, that will unlock the New world Order, World Government."

The purpose of the Environmental Movement worldwide, is not to save the Environment (which is not in danger), but to usher in a Communist World Government, under the so-called United Nations. How could they do that? By using a 'manufactured crisis' that would 'so frighten the Public, that they could be controlled,' as Katherine Austin Fitz suggested.

And, as Stephen Schneider said, "We have to offer up scary scenarios, make simplified dramatic statements, and make little mention of any doubts we may have. Each of us has to decide what the right balance is, between being effective, and being honest." The 'being honest' part was largely overlooked, as Environmentalists scrambled over each other, to present more and more extreme predictions.

But, 'Climate Science' is nine tenth's Politics, and only one tenth Science. Barak Obama was a staunch supporter of 'Man made Global Warming,' and 'Climate Change,' reviling 'Climate Deniers' as heretics of the worst kind. In December 2019, the Obamas bought a 29.3 acre property, complete with a seven bedroom mansion, on Martha's

Vineyard, an island off the coast of Massachusetts, for 11.75 million dollars. The coastal property is not very far above sea level, so, it leaves many of us wondering, “Why doesn’t he practice what he preached?” Does he really believe the sea is going to rise substantially over the next 50 years, and drown his 11.75 million?

Someone needs to ask him that question, because it really doesn’t look like it to us. As we all learned in adulthood, when a puppet is speaking, it’s because someone else has their hand up his rear, and it’s their voice we’re hearing, not the puppets.

9.

The Radical Environmentalists

Al Gore's movie, *An Inconvenient Truth*, is fiction. It was a tale of distortions and lies, which are the hallmark of the left. Al stated there was a (manufactured) consensus, that 97% of Scientists agree on Climate Change, which was completely false. He also told viewers, “The Science is settled,” when it was far from settled. In fact, it was skewed, and screwed. But, he was laughing all the way to the bank, with the millions he made from the movie.

As I mentioned earlier, this type of ‘Science,’ is 90% Politics, and 10% Science. He was a Vice-President after all, and his movie is rarely mentioned now, even among those who first welcomed it, because of its bias toward....being false.

The once world-renowned Conservationist, David Attenborough, became an Environmentalist. He then made Documentaries highlighting, ‘Scary scenarios, and dramatic statements’ about the extreme climate predictions being foisted on the general public, to ‘Scare them into submission.’

His ‘Our Planet’ series, made for Netflix/WWF, would be worthy of Paul Ehrlich, or Al Gore, because it had the ‘right balance between being honest, and being effective,’ with being honest being thrown out the window. It was full of distortions, and absolute lies. Is this contagious? Why the lies? Because every Judas has their price.

In the second episode of the series, called *Frozen World*, thousands of walrus were shown hauled out on land, and it was said the lack of sea ice forced them ashore. David Attenborough droned, “Their natural home is out on the sea ice, but the ice has retreated away to the north, and this is the closest place to their feeding ground.” He also stated, “They do this out of desperation, not choice.”

In one scene, walrus were filmed at Cape Kozhevnikov, in Siberia, falling over the edge of a 200-foot-high cliff. There were more than 200 already dead at the foot of the cliff, and several were filmed, cartwheeling through the air, and thumping on to the

rocks on their way down, to die at the bottom.

In the Trailer to the programme, Sophie Confear, the Director/Producer of the Series stated, "This is the sad reality of Climate Change." Of course, this scene caused outrage around the world, being cited as, 'The devastation wrought by man-made Climate Change on animals.'

It was suggested the Walruses were committing suicide, because of a lack of food. Do Walruses really know what death is? No. They have no understanding of it. Nor do they know what suicide is.

Walruses have been amassing at these haul-out locations, in herds of up to 100,000, as long as they have been observed. They calve, and nurse their young there. It has nothing to do with a lack of sea ice.

A few days before the Film Shoot at Cape Kozhevnikov, about 20 Polar bears ambushed a large group of Walruses above the cliffs, and over 200 fell to their deaths, as they fled. The bears then feasted on the carcasses.

When the Film Crew were asked if there were any Polar Bears in the vicinity, at the time of the filming, they stated there weren't any. Although, at another time, they admitted some bears had been chased away before filming. A drone used by them above the cliff at the time, showed several Polar Bears in the area.

Why did the walruses go over the cliffs during filming? Cause and effect. There was a cause for it, because they were escaping something out of fear. There is an easy path to the top, which the animals use to ascend, and descend. But, as can be seen in the programme, the cameraman below was on the path, which would force the walruses to go over the cliff edge instead. Was this done intentionally?

The U.S. Fish and Wildlife Service, has also noted, 'Walruses often flee haul outs en-masse, in response to the sight, sounds, and especially the odours from, humans and machines.' It was also noted, that the drone was hovering over the Walruses return path at the hilltop, which would also force them over the edge. Never waste a good crisis.

Walruses are being promoted as the darlings of Climate Change now, and in imminent danger of extinction, since Polar Bears had to be demoted from their position of Climate Change 'Icon,' after it was proved their numbers are at a 50-year record high, and not on the verge of extinction, as David Attenborough and others falsely claimed.

There are more than 250,000 Walruses now, which is probably the maximum carrying capacity of their available food resources. They are not in need of protection, and have always been legally harvested. The amount has varied from year to year, the highest tally being in 1985, when 16,000 were taken.

Polar Bears were the Climate Change Icon, because they were portrayed by radical Environmentalists, such as David Attenborough, as becoming extinct. In a 2017

National Geographic Video, viewers were shown an emaciated Polar Bear, with a caption under it reading, 'This is what Climate Change looks like.' The caption was later changed to, 'This is what starvation looks like,' after National Geographic admitted no-one knows what caused its poor condition.

In Frozen Planet: On Thin Ice, viewers are also shown emaciated and starving Polar Bears, as David Attenborough states, they were starving because of Climate Change. What he failed to mention, was that starvation is the number one killer of Polar Bears, as he himself well knew. Also, if Polar Bears are supposedly on the verge of extinction, why are hundreds allowed to be killed for sport each year? This is besides all the ones that are illegally poached.

The Episode also showed a mother Polar Bear and her cubs, swimming in ice-free waters, as David Attenborough hoarsely droned, "This mother and her cubs may well not get another meal, until the sea freezes again in winter." Polar bears don't need ice to feed. Because of the longer ice-free summers, mammal numbers have increased, and Walruses, Seals, and Polar Bears are thriving.

A recent survey found Polar Bear numbers to be between 22,000, and 31,000, four times as many as there were in the 1960's. This is a 50 year high. So, why the deception? Because David Attenborough is an Actor, just like his brother Richard, and he is trying to get you to believe the Climate Apocalypse, and welcome the solution to it, which is a World Government.

When David Attenborough's distortions and lies were uncovered, the WWF, and other Radical Environmentalist groups were told not to mention the Polar Bears any longer, in relation to Climate Change, because its reputation was now so sullied. This all came to light because of the book, The Polar Bear Catastrophe that Never Happened, by Susan Crockford, a Canadian Wildlife expert.

Because so many Scientists and adults could see through the Climate Change scam, the years 2005 to 2015, were dedicated as the years to indoctrinate school children worldwide into believing it was real. The 'Our Planet' Documentary Series was shown in British and European schools, to aid this. But, because of the overtly, 'Scary Scenarios, and dramatic statements,' in it, school children were terrified, and traumatised, and the Series was eventually dropped.

10.

The End of the Ice Ages

All the Glaciers are melting worldwide, and the sea is going to rise by blah, blah,

blah. Do we really have to hear this nonsense ad nauseum? One thing we need to keep in mind is, that the earth did not have any Glaciers or ice on it originally. They built up over time, and have been lower than they are now, at several times in history, and the Polar Bears, Seals, and Walruses, survived those times.

Glaciers were melting, as temperatures warmed, but now that temperatures have stabilised, they have stopped melting, and are growing again. The Jacobshavn Glacier, in Greenland, was the poster child for the Environmental Movement, because it is so huge. It retreated 1.6 miles, but then, it stopped its retreat, and each year since 2016, it has been growing again.

Likewise, the Myrdalsjokull, and Hofsjokull Glaciers in Iceland, which had been retreating, are also growing again. How is this possible, in the face of certain disaster, attributed to 'Man made Climate Change?' Hmm!

11.

The Brave New World

The U.N. Is not a Democratic Organisation. It is a Marxist Organisation, answerable to none but itself. All U.N. Departments are Political, and censor anything contrary to their political goal of a world governed by themselves. 'Advisers' to the U.N. Include such people as Henry Kissinger, George Soros, (the late) David Rockefeller, and Bill Gates, etc. Simply having evil people like these 'advising' the U.N. Should make anyone with their eyes open, sit up and take notice.

In 1992, the U.N. made public its plan for the world during the 21st Century, in its Agenda 21 Act. The Act is the basis for Environmental Initiatives being carried out worldwide since then. Even though the Act is supposedly about the Environment, most of the chapters in it are a mirror image of Karl Marx's goals contained in his Communist Manifesto of 1848, and have nothing to do with the 'Environment.'

Here is a sample from the Agenda 21 Act:

- End National Sovereignty.
- State Planning and Management of all Resources.
- Abolition of Private Property.
- Restructuring of the Family Unit.
- Children to be Raised by the State.
- People Told What Their Jobs Will Be.
- Mass Resettlement.
- Creation of Mass-Settlement Zones.

- Major Restrictions on Movement.
- Dumbing Down of Education.
- Mass Global Depopulation.

A good look at what is planned worldwide, can be seen in the ‘American Wildlands Project Map.’ This Map is *not* what the U.S. Government has planned for its country, but what the U.N. and its cronies have planned for it. The Map can be downloaded from the U.N. Website.

On the Map, 90% of the U.S. is classified as ‘Wilderness Areas,’ which are out of bounds to humans. The U.S. population will be severely lowered, and those remaining will be forced into ‘Mass Settlement Zones,’ also known as ‘Smart Cities,’ under U.N. World Government control.

No-one will own anything personally, as everything is owned by the State, and leased to them. No-one will have any personal freedoms or rights. The end-game of the Agenda 21 Act, is the enslavement of all humanity, to become Global Citizens in their World Communist Society, or New World Order, as it is more commonly known, before the end of the 21st Century.

12. Depopulation

All Globalists unashamedly want the World Population lowered severely. Here are some quotes from them:

- Prince Philip. “If I were reincarnated, I would wish to be returned to earth as a killer virus, to lower human population levels.”
- Ted Turner. “A total world population of 250-300 million people, a 95% decline from present levels, would be ideal.”
- Jacques Cousteau. UNESCO Courier. “In order to stabilize world population, we must eliminate 350,000 people per day. It is a horrible thing to say, but it is just as bad not to say.”
- Henry Kissinger. “Depopulation should be the highest priority of Foreign Policy toward the Third World, because the U.S. Economy will require large, and increased amounts of minerals from abroad, especially from less developed Countries.”
- Henry Kissinger. “The world population needs to be decreased by 50%.”

- Dr Eric Pianka. “Aids is not an efficient killer, because it is too slow. My favourite candidate for eliminating 90% of the earth’s population, is airborne Ebola, because it is both highly lethal, and it kills in days, instead of years. We’ve got diseases with 90% mortality in humans, killing humans, think about that. You know the Bird Flu's good too. For every one who survives, he will have to bury nine.”
- Club of Rome. “The resultant ideal sustainable population is hence, more than 500 million, but less than one billion.”
- Georgia Guidestones. “Maintain Humanity under 500 million, in perpetual balance with nature.”
- Maxwell Taylor, Former Chairman of the Joint Chiefs of Staff. “By the beginning of the 21st Century, it would be necessary to reduce the world’s population, mostly in Third World countries, using methods such as disease, starvation, and regional wars. I have already written off more than a billion people. These people are in places in Africa, Asia, and Latin America. We can't save them, the population crisis, and the food supply question dictate that we should not even try, it's a waste of time.”
- Francis Crick, or James Watson. “Euthanasia should be compulsory for everyone at 60.”

During the Trials of Nazi War Criminals at Nuremberg in 1946, many of them claimed they were ‘only following Orders,’ (The Nuremberg Defence). But, the Judges maintained that it would have been impossible for them not to know, ‘that murdering civilians was both illegal, and immoral.’

The Nazis were hanged for their crimes. Yet these other criminals, advocate murdering civilians on a much greater scale, and they get to walk away scot-free?

13.

The Underpopulated Planet

Most of these miscreants want to ‘eliminate,’ (Murder), at least 6 billion people. But, is the earth really overpopulated? According to the Oklahoma Department of Agriculture, the State covers an area of 69,903 sq. miles. If each person is allowed 100 sq. feet of living space, Oklahoma could accommodate 19.49 billion people. Nearly three times the earth's current population of 7 billion.

New Zealand has an area of 103,500 sq. miles. The total land area of the earth is 57,268,900 sq. miles. The problem is population density in some areas, not

overpopulation.

If these Globalist bullies are calling for genocide on a massive scale, to create their ideal world, why would anyone accept their Communist World Government, even if it is under the so-called, United Nations?

When we study the track record of Communism/Socialism, we learn that more people were killed in peacetime, in Socialist Countries, than in all the wars there have ever been, since Mankind were upon the earth. More than 120,000,000 people were murdered in Communist/Socialist countries during the 20th Century. Is it any wonder, James Warburg asked, “The question is whether World Government will be achieved by consent, or by conquest?” It will never be achieved by consent, if 6 out of every 7 people on earth will be murdered, after it is achieved.

14.

Freedom of Expression

In a free and just Society, everyone has the right to Freedom of Expression. This is important because it places every Citizen on an even playing field, and promotes tolerance. A thousand different people have a thousand differing ideas, and the one is as valid to be freely expressed as the other. Even wrong ideas are free to be expressed, because we learn by trial and error.

Open debate and discourse are encouraged, because they allow the tolerant expression of ideas, in an open, and unfettered forum. No-one has the ‘Right’ not to be offended by another’s ideas, because being ‘offended’ by another’s expression of their opinions, shows a lack of the tolerance that goes hand in hand with Freedom of Speech.

Freedom of Speech, compared with Limitations on Speech, is the difference between roundabouts, and Traffic lights. At roundabouts, you have the freedom to choose to move, as and when you believe it is safe to do so. The only limitations being safety, and courtesy. You never endanger another vehicle, and you respect the choices other drivers have made. Whereas, at Traffic lights, you can only move when you have permission to move, and it is an offence to move *without* permission.

Limiting Freedom of Speech, imposes the same restrictions on us, in place of our Rights. We cannot choose what is right and safe to say. Instead, we are limited to what is allowed, and it is an ‘offence’ to speak outside of permission. The Thought Police will brand us as heretics, and they will ensure we are (un)fairly, and (un)justly punished for our ‘crime.’

Because Communism/Socialism is a Totalitarian system, that demands complete domination over everything the individual is allowed to speak, share, or do, one of the first things to be lost by a Socialist takeover, is the Freedom of Expression. The next thing to be taken away, is the Freedom of Assembly, because when people assemble, they naturally speak.

Censorship is a hallmark of all Totalitarian Regimes. It begins with self-censorship, which is caused by fear. You keep your thoughts to yourself. This is to stop you addressing reality. Self-censorship is the lowest form of cowardice, because you are saying, "I surrender," before you even open your mouth.

Public censorship is the next level of censure, with the revoking of Freedom of Expression. When Lenin and his bullies took over Russia, one of their early acts was to ban all criticism of the Government and Atheism. The purpose in banning Freedom of Expression is to stop open debate. This then progresses to banning certain books, and in this day and age would move to closing down certain Websites. Why? So that any ideas contrary to their own cannot be spoken, written about, read about, or even thought about.

The purpose is of course to silence all dissent. Anyone who speaks contrary to the accepted monologue is marginalised. Either by being denounced and shamed publicly, to intimidate anyone else from listening to them. By locking them away, where they cannot interact with anyone else. Or, the Socialist's personal favourite, burying them, so their ideas will *never* be heard. In 2018, The Secretary General of the U.N. Called for an end to Freedom of Speech Worldwide. Why was this? I've explained it above.

The Left's complete intolerance of Free Thought, is their way of banning anything contrary to their 'Narrative' from reaching those whom they have bubble-wrapped in personal 'safe spaces,' where they don't have to address reality. To the Left, Free Speech is classed as Hate Speech, because it contradicts their lies.

As in the George Orwell novel, 1984, if Jones is told by Big Brother that $2+2=5$, then Jones has to accept that, even though he knows it isn't true. And today, anyone who will not accept the Left's Dogma, that $2+2=5$, is reviled as a 'Denier' of whatever they are spouting at the time.

Michael Stace, the Founder of the Reset N.Z. Party, discovered that the Labour/N.Z. First/Green Coalition, under the Socialist Jacinda Ardern, has stripped New Zealanders of more Rights, than any other Government in our history. This was done by exploiting a loophole which was purposefully included in Section 4, of the Bill of Rights Act 1990, to remove our Rights, without any consultation with us.

A 'Right' is defined as, 'A Moral or Legal entitlement to have or do something.' These Rights were stolen from us, because they were Rights we owned by Law, but they were taken away without our knowledge, or permission.

Section 14, of the Bill of Rights, headed Freedom of Expression, states, '**Everyone has the right to freedom of expression, including the freedom to seek, receive, and**

impart, information and opinions, of any kind, and in any form.' This right has been slowly eroded by a Socialist minority, who view the world through the Communist Manifesto.

The next burden they will saddle us with is 'Hate Speech Laws.' There is no such thing as Hate Speech, in a free and just Society. But Freedom, and Justice, are two words that do not exist in the Socialist vocabulary. They erased them, and replaced them with Slavery, and Injustice.

15.

The Worldwide Failure of Socialism

Everywhere Socialism has been tried, it has been found wanting, and abandoned. The reason for this is simple. Socialism is two things; it is a form of slavery, and it is a parasite. It is based on, 'Redistribution of Wealth.' The Robin Hood Principle. You steal from the rich, to give to the poor. This is what Income Tax is about. It is confiscating assets from those who want to work, to give to those who don't want to work, which is fine, as long as you allow those who work to keep on producing wealth, to allow the cycle to perpetuate.

But, the Communist Manifesto is all about the 'Class struggle,' existing between the Middle Class, and the Working Class. The Middle Class, who own the Factories, Farms, and Businesses, that provide employment for the Working Class, are demonised as 'Exploiters,' and all the problems of the world are blamed on them.

So, one of the first things Socialists/Communists do, when they are unfortunate enough to gain control of a Nation, is to kill the goose that lays the golden egg. They confiscate Wealth, Farms, Factories, and Land, and Nationalize everything under *their* control. But, the most obvious flaw with making the Middle Class the 'Scapegoats,' is that when the pot of gold is scraped clean, the larder is bare. And so, another Socialist pipedream becomes a Banana Republic, with those at the top living in (stolen) luxury, while those at the bottom have very little of anything, including bananas.

Communism cannot survive, without Capitalism to sponge off; and as soon as the stolen loot is squandered, the country either starves, or overruns another country to pillage them, and refill their coffers for a while. This is true in most cases. In the other cases, they borrow, endlessly, until their economy is bankrupted.

What happened in the U.S.S.R? In China? In Venezuela? In Zimbabwe? In Cuba? And in all the other failed Socialist experiments? Food-shortages. Food-rationing. And endless waiting in long queues, to purchase food that did not exist. And starvation.

Even India tried Socialism, under Mahatma Gandhi, after Independence. What was the result? It became known as 'The Begging Bowl of the World.' That's what Socialism produces, after all the wealth has been stolen from the Middle Class, and 'redistributed,' a land of beggars.

The only way any of these Nations could return to feeding their Citizens, and have any sort of economic stability; was to return their economies to some type of Free Market, with a dreaded Middle Class, owning and operating Businesses for profit. Privately owned free enterprise, creating competition, is the best stimulant for a vibrant economy. When Businesses are endeavouring to manufacture an item of better quality than their competition, to gain a bigger share of the Market, the consumer is the winner, with a better and better product.

Socialist States have always been famous for three things. Namely, exorbitant rates of executions of their Citizens (deserved or not), corruption, and manufacture of poor-quality goods, in that order. As Che Guevara (one of the Socialist butchers of Cuba) stated in a 1966 speech, "To establish Socialism, rivers of blood must flow." This seems to be the consensus among Socialists.

Why will anyone work well, when they are assigned their job, and paid little for it, to buy the faulty, poor-quality goods and food, which are the Socialist States standard fare? The Nationalised farms always produce less and less, as they are mismanaged by corrupt Officials, and run into the ground, until their production is minimal. Crop failures are common, with an unwilling labour force, and major decisions being made by Political appointees, rather than by those with expertise in the field.

The only Countries where Socialism is still bandied about as an 'ideal,' are those Countries where it has never been tried. Those who have never been slaves, or lived in a Country that is a land of beggars, will be enthusiastic about what they hear from the mouths of the 'hopefuls,' wanting to create another failed Socialist State. But, those with their eyes open, will shun Socialism for the plague it truly is.

16.

The Winners and the Losers

Henry Kissinger stated, "Yes, many people will die when the New World Order is established. But it will be a much better world for those who survive." When Henry Kissinger was young, he said, "The old are useless eaters," meaning they aren't worth feeding. At the present time, he is still alive, and is 97 years old. So, why didn't he go into his office with a pistol, 40 years ago, and make a loud noise? Because, when these A-holes mention the 'useless,' and the need for 'depopulation,' it never includes them.

They believe they are fit to decide whether anyone else on earth is allowed to live or die, as bullies always do. The super-rich of the world, see themselves as the 'Elite,' who deserve to have the world to themselves, which is what all this Covid 19 business is about. The school-bullies wanting the whole playground, for none but themselves.

17.

Will the Covid 19 'Pandemic' ever go away?

Yes, that is the question to ask. But the Covid 19 'Pandemic,' is really a 'Plandemic.' It is all managed Theatre, from empty coffins being pushed into mass graves, to the over-reporting of fatalities, to the need for 'Social distancing,' to stop the virus. It is all being staged to create paranoia in the mind of the public, until they become so fearful, that they will voluntarily give up their freedom, and accept whatever the Government offers to 'protect' them. Including, track and trace surveillance, microchipping, and finally, a Socialist World Government.

The Covid 19 virus is constantly being compared to the Spanish Flu epidemic of 1918. But, Sanjeev Sabhlok an Economist with the Victorian Treasury Department, in Australia, who resigned over the Covid 19 scam, stated; "The Spanish Flu killed 50 million people worldwide in 1918, when the population was 1.8 billion. Proportionally, to be as lethal as the Spanish Flu, the virus would have to kill 210 million people today. Instead, only 900,000 have died so far. Compare this with the 60 million who ordinarily die each year."

According to Farr's Law, an epidemic rises to its peak level of infection, then falls away to a minimum level of infection, in a bell shaped curve. Then, everything goes back to normal, after it has run its course. But will the Covid 19 'Plandemic' ever go away? No, because the Globalists will never allow it to. It's the perfect 'Crisis' they have been trying to manufacture, since David Rockefeller indicated the 'need' for it in 1994, to 'so frighten the Public, that they could be controlled,' as Katherine Austin Fitz put it.

Globalists (those who are trying to create a World Government), are telling us, "Individual Nations can't fight this Pandemic alone, we need a World Government under the United Nations to fight it." Who is telling us this? The usual suspects of course! Henry Kissinger, the U.N. itself, and all the other parasites who have come crawling out of the wood work, with the manufacturing of another 'Crisis.'

The Alien Invasion scam failed to take off. The Global Warming/Climate Change scam failed, because those who weren't on the payroll could see through it. The Covid 19

'Pandemic,' is being pushed all-out, as third time lucky, and is here to stay, until a World Socialist Government is set up under the United Nations. Then there will be no need for the ruse any longer, and it will be dropped.

We are all being told to, 'Sign in, and stop the Virus.' We will be told, of course, that people aren't signing in, and this isn't working. So, everyone will have to download the Covid App onto their phones, and use that as a more reliable form of tracking their movements. Then of course, "That isn't working either, so everyone has to be microchipped, so we can stop the virus."

The purpose of the microchip is surveillance, and once the populace are all microchipped, we will have a Surveillance State, then people can be controlled through fear. In 2019, the U.N. called for everyone in the world to be microchipped, to end world poverty. They must believe we're all idiots, if they expect us to swallow that lie.

Covid is here to stay. We will be told there are X-amount of cases, whether there *are* any or not, anytime the Government wants an excuse to take away some more of our Freedoms and Rights, to 'Stop the Virus.' They are slow boiling the frog, not wanting to alarm us, because, in case you haven't noticed, *we* are the frog.

18.

What do we do now?

Google was once a good source of information. But today, Google censor's searches, to hide search results, so you only receive the Left's narrative. The cause of Autism in babies, is the mercury and aluminium, in vaccinations given to them. Once upon a time you could learn that on Google. But, try searching Autism and Vaccines today? All search results will tell you that Vaccines are safe. Why? Because, Globalists all cover each-others backsides. So, never trust Google.

So, what do we do now? Firstly, we stop being led like sheep to the slaughter. The Mainstream Media will cover local current affairs semi-properly at times. But, ditch the indoctrinating International 'News,' and the fake News, and watch/listen to, Alternative media. Better still, throw your television in the rubbish where it belongs, unless you only use it to watch movies.

Can you read? Search the internet. The New Zealand Council for Political Research (NZCPR), begun many years ago by Dr Muriel Newman, is a wonderful site, covering all the important things the Mainstream Media blacklists. It will supply you with a wealth of information on so many issues that are otherwise kept hidden behind closed doors,

especially issues which affect New Zealanders.

It was wisely said, 'Keep your friends close, and your enemies closer.' It's good to watch the Mainstream News at times, particularly on television, as this is where most Sheeple get their 'News' from; and you can discern which way the Sheeple are being led. If someone is being mocked, shamed, intimidated, or belittled, on the 'News,' then that is probably someone to listen to.

Remember, anything the Left opposes, is classed by them as a 'Conspiracy Theory,' because they live by the mushroom principle. Namely, 'Keep them in the dark, and feed them bulls**t.' If you have spent hours reading fiction, or watching fiction on T.V., why can't you spend equal hours searching for truth? This is a quest for your Soul, your life, your freedom, and your family.

Here are some other sites on Youtube, and the Internet, that will help:

Fox News

Breitbart News

World Alternative Media

The Rebel Capitalist Show

The War Room

There are many others.

Here are some individuals, who aren't afraid to speak boldly, in the face of violent opposition, to make the truth known. They all have the guts to call a spade a spade, and even to say it's black. They can be found on Youtube, the Internet, or in print.

Dr Jordan Petersen

Dr Rashid Buttar

Paul Joseph Watson

Tucker Carlson

G Edward Griffin

Milo Yiannopoulos

Katie Hopkins

Glen Beck

There are countless others. Every one of us is either a member of the vocal minority, or the silent majority, we make that choice by our actions. You are not alone. Blessings.
